Historic Aircraft

“Lockhead Super Constellation” shipped to Qantas Founders Museum

Qantas Founders Museum based in Longreach Queensland, Australia, purchased this historic aircraft in September 2014. This sensitive historic piece was transferred from Manila International Airport thru the busy and narrow traffic roads of the Port of Manila.Due to ACMI's strategic planning, the "Super Constellation" finally made it to its final and rightful home in Queensland Australia on May 2017. The facilitation of pertinent documentation and diligent preparation for any setback resulted in the perfect transport and on-forwarding of this cargo overnight.

transported through various countries to Cebu

Chartered cargo planes were used to transport 109 Live Animals originating from the United States, The Czech Republic and Dubai to the tropical province of Cebu, Philippines. The well-being of the animals is our primary concern hence veterinarians were stationed in every pick up point. Our orderly documentation and swift transport ensured that not a single animal was in distress and was safely discharged to its new home - Cebu Safari!
